DAILY NEVADA STATE JOURNAL

WASHOE COUNTY OFFICIAL PAPER

C. C. POWNING..EDITOR AND PROPRIETOR

TUESDAY..... .....MARCH 7, 1876.

For President of the United States:

B. H. BRISTOW,

SUBJECT TO THE DECISION OF THE

REPUBLICAN NATIONAL CONVENT'ON

A $50,000 SCHOOL.

The citizens of Reno should early take action to promote the educational interests of the town. It is not too early to suggest that a Committee of the leading citizens be appointed to solicit subscriptions for the endowment of an educational institution in this town which would be a credit and honor to the State, and remain for years a monument to the liberality and enterprise of those who should aid in the good and noble work. It is a shame that a State like Nevada, rich in all the attributes which Nature has furnished to make her great and prosperous, can not boast of an institution of learning where parents take pride in having their children educated. But on the contrary if they desire to have them acquire more than a common school education invariably it is found necessary to send them to some California college, thus separating the children from family and friends. This would not be the case if our own State presentsd facilities equal or nearly equal to our neighboring sister State. That she does not is a reproach and stain upon Nevada. For in these times of progress and prosperity, when advantages for the higher education of the youth of the land are being multiplied in less favored communities, we feel deeply the importance of Nevada doing all in her power to promote the cause of education for the benefit of her sons and daughters. Reno is the proper location for an institution of such a State character, and we have that abiding faith in the nobleness of the people of Western Nevada which induces us to believe that it would be a pleasure, aside from feelings of duty, for them to contribute at least $50,000 toward the establishment and maintenance of an Academy of learning. Of this amount fifteen or twenty thousand will be subscribed in Washoe county. The remainder must come from Storey, and adjoining counties. It will be no difficult matter to obtain it. The Kings of the Comstock, Mackey and Fair, will subscribe a $1,000 each. Jones and Sharon are good for the same amount. Other leading men, of whom we may mention John H. Kinkead, Judge J. F. Lewis, C. E. De Long, F. F. Osbiston. Judge Mesick, Jonas Seely, W. S. Wood, L. T. Fox, Sam Curtis, Joe Stewart, Sam Jones, and many others we could mention would contribute liberally. The project is not only feasible but we believe could be carried out on a larger scale than the one on which we have predicted these remarks. We therefore renew our suggestion to call a meeting and effect the initiatory steps.

DISCRIMINATION. — Mr. Turner is up with the times. He has offered a concurrent resolution in the California Senate asking Congress to prevent by legislative enactment, discrimination in the transportation of freight on the Central and Union Pacific railroads. Asserting that discrimination does now exist in favor of the cities of our Pacific coast and against the people living at intermediate points between Sacramento and Ogden. It asks Congress to pass laws compelling them to deliver freight by the car-load East of Sacramento as cheaply, if not more cheaply, than at said city. This is but just.

THE Justice Mining Company have levied an assessment of $5 per share on old issue and $1 per share on new issue, amounting to $105,000, delinquent April 4th.

THE Union Consolidated Mining Company have levied an assessment of $1 per share, amounting to $100,000, delinquent April 8th.

OUR TIMBER INTERESTS.

We are glad to see that the subject of the preservation of timber, and the destruction of forests is being taken into consideration by Congress, and we earnestly trust some scheme will be devised which will tend to prevent the too rapid depletion of the timbers of our forests. At the rate of consumption which has prevailed for many years past it is not difficult to foresee the time when as a nation we shall be compelled to take some steps for the preservation or production of this interest, which now threatens to prove of serious damage, unless means are provided for speedily checking the waste, or else creating a production to equal the demand. A practical solution of the question will be of great benefit to the country. The bill introduced by Representative Dunnel, of Minnesota, provides for the appointment of a Commissioner for inquiry into the destruction of forests, and the measures necessary for the preservation of timber. The assertion is made that the supply of timber within the United States is rapidly diminishing, and that great public injury must result from its continued waste unless adequate means are taken for its preservation and production. It is proposed to appoint as Commissioner of Forestry a man of approved attainments, who is practically acquainted with methods and statistical inquiry, and who has evinced an intimate acquaintance with questions relating to the national wants in regard to timber, and with the measures that may be best calculated to meet these wants as they arise. It is made the duty of the Commissioner, under the direction of the Secretary of the Interior to prosecute investigations with the view of ascertaining the annual consumption, importation and exportation of timber and other forest products, the probable supply for future wants, the means best adapted for their preservation and renewal, the influences of forests up on the climate, and the measures that have been successfully applied in foreign countries, or that may be deemed applicable in this country for the preservation and restoration of forests, and to report upon the same to the Secretary of the Interior, to be by him transmitted to Congress.

THAT TWENTY-FIVE PER CENT.

We are sorry that any differences should arise between the State and a county, and would much rather see the same adjudicated without recourse to law. But if a test case is submitted for decision, the interpretation of the law being in doubt, then we have no objection. The State of Nevada, through Controller Hobart, has made a very singular demand on Washoe county. It wants something over $5,000 from us, which we collected from the Central Pacific Railroad as the additional 25 per cent. on delinquent taxes. The State wants it all, but will probably have to be content with its proportion which amounts to $———. The revenue laws of this State provide that in all suits for the collection of delinquent taxes originally brought in the District Courts, where the amount exceeds three hundred dollars, the complaint and summons shall demand, and the judgment shall be entered, for twenty-five per centum *in addition* to the tax of ten per centum thereon and costs, provided in the Act to provide revenue for the support of the Government of the State, and the acts amendatory thereof. The law under which the ten per centum is added declares expressly that this additional ten per centum shall be paid into the County Treasury *for the use of the county*. The law authorizing the subsequent additional twenty-five per cent. is not so plain, but the inference to be drawn, and no doubt the intention of the Legislature was, that it was an integral part and followed the ten per cent tax. Such is undoubtedly a correct view, and we have faith that the Supreme Court will so hold. The State is not entitled to the whole or any part of the twenty-five per centum any more than she is to the ten per centum, and she is not entitled to the whole or any part of that. And we will not give up a cent of it to the State, to Mr. Hobart, or any other man.

John Frost committed suicide in Albany, Oregon, yesterday by shooting himself through the heart.

FROM BAD TO WORSE.

If the conclusions of the Washington correspondent of the San Francisco *Alta* can be accepted as correct, we have as yet experienced hardly any evils, in comparison with those to follow, by reason of the connection of silver with the history of the country. He is reported as sending a special dispatch indicating that "the Inflationists in Congress, headed by Representative Holman, of Indiana, having discovered that the redemption of fractional currency with silver, is a point in their favor and are now pushing hard to compel the Government to commence such redemption immediately. The House will probably refuse to appropriate any money for issuing fractional currency, which will give Secretary Bristow a good excuse for letting out the silver now in the vaults.

It is now generally understood that Mint Director Linderman has favored their movement in order to make work for the Mints, and preparations have already been made by Secretary Bristow for instant work when the proper time arrives. Meanwhile the Pacific Coast delegation have not made the slightest opposition. Piper and Luttrell are aiding the movement actively. Sargent is waiting until the question comes up in the Senate.

Your correspondent had a long interview with Senator Jones, who at last seems to comprehend the danger of the present situation, and will probably oppose the redemption movement, though it is too late to oppose the proposed issue of silver at greenback rates. It is not likely that the interests of the Pacific Coast will affect the question much, and the people of California may expect soon to be enrolled among the greenback States. Holders of silver coin will do well to convert what they have into greenbacks while they can do so at a premium. Trade dollars can not fall below their intrinsic value and will do to keep under these circumstances. They are worth ninety-three cents as bullion. Since the last reports to the *Alta*, silver has declined one per cent., making two silver half-dollars worth, intrinsically, only eighty-three and one-half cents in gold."

THE STATE RATE OF TAXATION.

Among the few measures calculated to be of benefit to the people passed by our last Legislature was one reducing the rate of State taxation from $1 25 to 90 cents. This action was meritorious, and compensated for many of the sins of that Legislature. The State was in a very healthy financial condition at the time, and the reduction was gladly welcomed by taxpayers. The outlook is favorable for a still further reduction of the State rate of taxation. The report of our State Treasurer for the fiscal year ending 1875 shows that our assets are $793,801 42 while our liabilities are only $604,285 64, leaving a surplus of $189,572 78 in the Treasury. These figures represent the grand totals, and show that we are over $50,000 better off now than we were at the commencement of the year, notwithstanding our State tax was reduced thirty five cents. We have no doubt that the showing at the termination of the present year will exhibit a still further increase. In view of these facts we are firmly of the opinion that there is no necessity of the present rate of taxation, and that it can be easily reduced from ninety to sixty cents. The next Legislature may safely be counted upon to perform their duty in this respect. As regards taxation the people of Nevada will soon have less to pay than the people of any other State in the Union.

A PSEUDO VOLCANO.—The *Enterprise* says, that Saturday after the sun had gone down behind Mount Davidson the peak of said mountain presented a very strange and beautiful appearance. The wind was in the north and carried from the top of the mountain a long streamer of snow, which being lighted up from behind by the sun presented the appearance of a streak of fire. The phenomenon was witnessed by hundreds of persons in the city, and there would not have been the least difficulty in making a stranger believe that Mount Davidson was an active volcano, as it really looked more like that than anything else.

LATEST NEWS ITEMS.

Many rumors of contemplated Cabinet changes are telegraphed. One is that the President is willing that General Sheridan should succed Belknap for the time being.

There seems to be a panic of suspicion in Washington of men in high place.

A Boston lad twelve years of age is accused of killing a playmate of nine.

General Sherman in a conversation said Belknap had always been held in the army as the soul of honor. He ascribes his downfall to the vicious extravagance of Washington society; says no Cabinet officer can live there on his salary, and that he removed to St. Louis because he could not stand it in Washington.

A $500,000 fire occurred in Philadelphia Saturday.

General Belknap's case wil be sent to the grand jury of the District of Columbia next Monday.

It is stated that the House Committee on Expenditures in the War Department is in possession of evidence showing further frauds in that Department.

News from Mexico indicate that the rebellion there is almost ended.

Minister Foster gave a reception and ball on Washington's birthday which was honored by all the dignitaries and the elite of society in the Mexican capital.

The comments of the London press on the Belknap disgrace are very severe.

Minister Schenck sailed for home to-day.

There is a panic in home railway stocks in London.

Don Carlos arrived in London yesterday.

BULLION.—We are informed that the past month's shipments of bullion from the bonanza mines have been the largest ever known. Last Sunday night ninety bars were transferred from the V. & T. to the C. P. train. Most of it was from the Consolidated Virginia, and as those bars average from $3,500 to 4,000 each, one can imagine what it aggregates.

QUICKSILVER ITEMS.—Jules Burling, the discoverer of the Clear Lake quicksilver mines, paid a visit to the new cinnabar mines at Steamboat Springs the other day and sent some samples to San Francisco to be assayed. But little work has been done as yet toward the development of the newly-discovered mines.

TRUSTEES.—At the annual meeting of the stockholders of the Cleopatra Mining Company, held last evening, the following gentlemen were elected Trustees for the ensuing year: H C. Toombes, D. Hallahan, E. C. Sessions, A. H. Barnes and John Hallahan.

THE officers and members of Washoe Encampment, No. 2, I. C. of R. C., are requested to be present this evening, as business of importance will be presented.

DELINQUENT LIST.—The delinquent list of the Cleopatra appears in this issue.

IN MEMORIAM.

At a regular communication of Washoe Lodge, No. 2, F. and A. M., held in Masonic Hall, Washoe City, Nev., March 4th, A. L. 5875, at which time the following preamble and resolutions were unanimously adopted:

WHEREAS, On the night of Feb. 3d, A. L. 5876, it pleased the Supreme Architect of the universe to allow our much esteemed brother, Thomas Donnelly, to fall by the hands of a midnight assassin, that his will might be accomplished, and

WHEREAS, The charred remains of our brother could not by us be identified yet we know we shall recognize him when we shall meet in the Grand Lodge above, where we will clasp hands anew on the banks of eternal deliverance, where the assassin's bludgeon can never harm us.

Resolved, By the death of our brother society has lost a useful member and the fraternity a worthy brother, and therefore be it

Resolved, That, in their deep affliction, we tender to the friends and relatives of our deceased brother our profound and heartfelt sympathy in this their great affliction which they have so unexpectedly been called upon to bear, and be it

Resolved, That while we tender our sympatny and condolence to the bereaved relatives of our deceased brother, may they remember that their loss is his great gain, and this brief separation here amidst sorrow and tears will only enhance the joys of a reunion there, where sorrow, pain and death are not known and

Resolved, That we recognize in the death of our brother, a warning from God that we too must soon die—which should remind us so to live that when we are called from earth we may approach the grave like one who wraps the drapery of his couch about him and lies down to pleasant dreams, and be it further

Resolved, That in respect to our brother our lodge be draped in mourning for thirty days, and these resolutions be spread upon the minutes of our lodge in full and a copy be sent to the relatives and one to the NEVADA STATE JOURNAL for publication.

A JOKE.—The following communications explain themselves:

RENO, March 4th, 1876.

BILL HART;—You have until Wednesday night time to leave this town or else suffer the consequence. 601.

RENO, March 6, 1876.

NOTICE TO THE CITIZENS OF RENO:—I have received a notice to leave this town before Wednesday night next, the notice being signed "601." Now if it is the desire of the majority of the citizens of Reno that I should leave, I am willing to do so, and will act promptly upon their decison. I am a law-abiding citizen, pay my way, owe no man a dollar and wrong nobody, and if this is a notice from a cowardly cur, I propose to stay here and protect myself and property to the last. WILLIAM HART.

Mr. Hart's statement is made in all candor. Some enemy probably has assumed to be "601," but we take it that as long as Mr. Hart's conduct is as good in the future as it has been in the past he will be permitted to remain. The citizens have no desire to see any one harmed unless he is really a bad and dangerous man to have in the community.

THE NEW PAPER.—The material for a new paper in Reno has arrived and the first issue will be out in two or three weeks. Alexander & Hayden are the publishers. The paper will be published in the afternoon, and is named the *Reno Evening Gazette*. It will be about the size of the JOURNAL. It will be Independent, politically, in the strictest sense of the term. Reno has heretofore had two daily papers, but our business men, live though they be, could not afford to support both, and so one was forced to succumb. The situation, we believe, has not changed much for the better since, but still there may be a necessity for another paper. If so it will soon become apparent.

NEW NOZZLE.—No. 48, the yard engine, has been presented a new nozzle for its hose. The nozzle is a very nice brass one, and will throw a one-inch stream. The donor is W. R. Chamberlain. Old 48 has needed this for some time, and now that she has it, she will prove a valuable acquisition to the Reno Fire Department in battling with the fires which may occur.

ON THE RISE.—Stocks are very firm, and some are jumping right lively. Mexican touched 45 yesterday, Sierra Nevada 27, Chollar 125, Imperial 20, Alpha 57. The Spring rise is just about starting, judging from present appearances.

General Sherman Interviewed—In His Opinion Belknap's Downfall is Due to Extravagant Washington Society.

CHICAGO, March 4.

The *Tribune's* St. Louis correspondent had an interview with General Sherman yesterday concerning the recent startling exposures of Belknap's official delinquencies. The General said: I am astonished beyond measure. I have known Belknap a long time and never had occasion to doubt his integrity. I know that his previous record is without a blot. He has always been regarded as a man of scrupulous honor. Of course I do not know the cause of this demoralization, but having lived in Washington during his tenure of office I can form a pretty good idea of it. In my opinion his downfall is due more to the vicions organisation of Washington society than anything else. I refer to the ridiculous extravagance of those who move in the first social circles at the capital. Very few Cabinet officers are able to live within their salaries. While I was there the only member of the Cabinet who could stand it was Fish. With his income of $200,000 a year he could afford to pay almost any price for social privileges, nevertheless, it cost him $70,000 yearly. Mr. Chandler who has gone into the Cabinet since I came to St. Louis, is another one whose private fortune is so ample that his salary is no object to him. Outside of these two, none of the public officials in Washington can live within their salaries. I left Washington chiefly because my salary would not support me and because I did not consider the society there the proper place in which to rear a family. There has been a good deal of dissatisfaction about Belknap's post traders. Some of these fellows appointed were regarded as suspicious characters and their society was obnoxious to the officers, but the question had been taken entirely out of my hands and I could say nothing without interfering with the business of the Secretary of War. There are more than one hundred and fifty trading posts on the frontier and I expect there is a good deal of fraud yet to be developed."

Comment of the English Press on the Belknap Affair.

LONDON, March 4.

The *Times* says editorially of the Belknap scandal: "This event is more grave because it is confirmatory of a suspicion which has long prevailed among the American people. Even Europeans can not be struck with the altered tones in which Americans speaks, if not of their institutions, at least of the men who have the present direction of them."

The *News*, alluding to the same subject, says: "American political life seems to be in anything but a healthy condition." It refers to the whisky frauds, the Emma mine scandal and the downfall of Belknap, and says that these scandals lift the vail from the actions of a society which it is hitherto pretty generally supposed has as yet escaped the impurities of the social strata below, and they lead one to fear that some of the worst vices of a municipal government may be percolating inte a Federal Administration.

The *Telegraph* says: "Disclosures after disclosures and charges after charges, differing in degree of truth but with the fame ugly and untoward character have lately darkened the commercial, religious, judicial and administrative institutions of the United States. Some have proved false, others true and more await evidence, but the general effect, beyond denial, has been and is to bring the blush of shame and anxiety in the face of all honest Americans and to make the countless friends of the Republic in this country silent and sorrowful, while its enemies rejoice over these recurring revelations."

The *Standard* says happily the countries are few where so gross an abuse of trust would be possible.

General Babcock Retires.

WASHINGTON March 4.

It is semi-officially stated that General Babcock's connection with business at the Executive Mansion has ceased.

ADJOURNED.—The Board of Trade meeting last night made it necessary for the Reno Fire Department to adjourn their meeting until to-night, at 7½ o'clock, at Judge Gilson's office. All members are desired to attend as business of importance will be presented.

BUSINESS REMOVALS.—Hogan & Dawson have removed their office to the place formerly occupied by Budden's gallery. And Jos. DeBell to the adjoining room.

POSTPONED.—The Baptists have decided to postpone their festival for a week or so, in order to have fair weather.

DULL TIMES.—A great many business men have an idea that when business is dull the expenses of advertising should be curtailed. By so doing they give the public to understand that they have quit bidding for their custom. A good advertisement in the JOURNAL is a source of revenue all the time. It is continually coming before the eyes of strangers. While the merchant is at home quietly enjoying the pleasures of the family circle, his card is being read by hundreds. A liberal advertiser denotes a liberal dealer, and the Nevada people realize the fact. The man wishing to purchase, says to himself: "If a man can't afford to advertise, he can't afford to give as liberal bargains as those who do." Consequently, let your business be known through the JOURNAL.

THE COUNTY SUED.—W. W. Hobart, State Controller, has commenced suit against G. W. Huffaker, County Treasurer, for the sum of five thousand and odd dollars, being the additional 25 per cent. on delinquent taxes collected by Washoe county from the Central Pacific Railroad. Huffaker is ordered to appear before the Supreme Court on the 13th and show cause why he does not pay the said money into the State Treasury. The Board yesterday employed T. E. Hayden and Harris & Coffin to defend the suit and if they win they are to receive ten per cent. of the amount sued for.

ASSESSMENT.—The Hagerman Gold and Silver Mining Company have levied an assessment of three cents per share. See official notice in our advertising columns.

DEMOCRATIC STATE CENTRAL COMMITTEE.—Ormsby, J. E. Healy; Storey, A. F. McKay, Lyon, Joseph Angell; Churchill, Wm. Hill; White Pine, A. Lewis; Esmeralda, W. B. English; Nye, P. C. Turner; Humboldt, E. Blennerhasset; Douglass, P. H. Clayton; Washoe, Thos. E. Hayden; Lander, Jas. E. Rooker; Elko, S. S. Sears; Lincoln, Fred. Baker; Eureka, G. W. Cassidy. At large, W. E. F. Deal, R. E. Lowery, W. S. Keyes, G. Cohn and J. H. Rice. Mr. Deal is Chairman of the committee and Mr. Lowery, Sec'y.

AN APPOINTMENT.—Captain E. C. Lord of Virginia City has received the appointment of Internal Revenue Collector for the District of Nevada, vice George A. King, resigned. Captain Lord has long been connected with the department in the capacity of chief clerk, and will make an efficient collector.

DURING February, among the vessels engaged in the trade of the port of San Francisco, there were eight total losses and twenty-six partial losses. It is not thought probable that the Kalorama will be got off the beach at San Buenaventura now, and she is given up as a wreck.

SPECIAL NOTICE.

ALL parties owing the Reno Lumber Co. are hereby requested to settle their indebtedness on or before the 1st day of April, 1876. The business will still be carried on by the same firm, but upon a CASH BASIS. All orders accompanied with the coin will be promptly attended to. RENO LUMBER CO.
